ABOUT:

Full-stack engineer with expertise in both front-end and back-end development. Proficient in Java, Javascript and ReactJS. Passionate about building clean, efficient, and scalable software solutions. Eager to join a collaborative team where I can apply my skills and solve real-world problems.

TECHNICAL SKILLS:

- Frontend - Javascript, React JS, Redux, Next JS, TypeScript
- Backend - NodeJS, Express.js
- Database: MongoDB, mySql

EXPERIENCE:

Mern Stack Developer - BetaZen InfoTech | June 2023 - Present
- Developed a user-friendly dynamic dashboard for an e-commerce client, building my expertise in **React**.js/Redux, **Next JS**, **JavaScript**, Firebase fetching data from backend using RESTful APIs
- **Enhanced and Optimized** functionalities.
- **Engineered** a robust API in Express and Node.js, enabling seamless data retrieval from 25% reduction in front end loading time and improved user experience.

MIS Executive - CBSL Group | Apr 2022 – May 2023
- Leveraged knowledge of **MySql** and **Excel** for generating reports and managing database.

PROJECTS:

[Demo] **Chat-App-** Front End and Back End Development
 Tech Stack: React JS, NODE JS, EXPRESS JS, MONGODB

- Successfully implemented authentication features including login and sign up pages, ensuring secure access to the chat application.
- Developed a feature-rich chat application with real-time messaging capabilities, including one-to-one and group chat functionalities, complete with typing indicators.
- Integrated user-friendly features such as search functionality and user profile viewing, alongside robust notifications to enhance user engagement.
- Implemented flexible group management options, allowing users to seamlessly add or remove participants from group chats.

[Demo] **Hullu-OTT-App -** Front End Development

 Tech Stack: React JS, TMDB Database

- Developed a responsive OTT (Over-the-Top) streaming application featuring trending movie trailers and a dedicated trending page for easy discovery of popular content.
- Implemented robust search functionality, enabling users to efficiently search for movies and movie trailers within the app.
- Enhanced user experience through intuitive design and responsiveness.

EDUCATION:

Certification in Full-Stack Development, Newton School | Aug 2022 - May 2023

B.S.A COLLEGE OF Engineering & Technology, Mathura | Diploma in Mechanical Engineering | July 2018 – Sept 2021
